MEGA-i is one of the largest Internet Service centre buildings in the world offering flexible colocation options ranging from open farm, private suite to customized areas since 2000. The data centre is now serving customers from small-to-medium enterprises, large enterprises to multinational corporations as well as global telecommunication carriers, web and I.T. service providers.

The purpose-built 30-storey data centre building is equipped with state-of-the-art infrastructure and a genuine resilient global network, which can be tailor-made for customers’ different power and deployment specifications.

Being a genuine carrier neutral data centre solution provider, we are now operating as a Global Telecom Hub in Hong Kong with 200+ Global and China carriers connecting 10 submarine cable systems from all over the world. This gives our customers freedom of choice to select their preferred network service provider.

Other Key Advantages:

- Owner of the property with direct control of the building management
- Designed to house over 4,000 racks with total gross floor space over 350,000 square feet
- Stringent security measures with 24 hours surveillance and access control
- High flexibility in infrastructure and facilities provision
- International telecommunication gateway in Hong Kong

About Us

SUNeVision (SEHK: 1686) is one of the largest data centre service providers in Hong Kong. Through the brand “iAdvantage”, we adopt the industry’s best practices to offering the world-class data centre, IP network and managed services, bring an unrivalled edge for local and international corporations.

SUNeVision owns, builds and designs ourselves the intelligent data centre business by leveraging the resources and financial assets of our major shareholder, Sun Hung Kai Properties Limited (SEHK: 0016).

Flexible, secure and scalable data centre solutions, providing optimal cost benefits and reliable operational support, make us an expert in the industry and the highly regarded long-term partner of local and global business, including Fortune 1000 and Global 100 multinational corporations. Today, SUNeVision manages close to 1.5 million square feet of gross data centre space, strategically located in prime commercial and industrial areas.

**Location**
399 Chai Wan Road
Chaiwan, Hong Kong

25 minutes’ drive from Central
50 minutes’ drive from HK International Airport
48 minutes’ drive from Lo Wu Cross-Border

**MEGA-i Specifications**

### FACILITY
- **Building**: Purpose-built data centre
- **Data centre area (GFA)**: About 350,000 sq. ft.
- **Floor height**: 4.1 m (3.5 m under beam)
- **Floor loading**: 5-7.5 kPa
- **Capacity**: >4,000 racks in common areas / private cage
- **Rack size**: 42U, 45U, 48U racks

### POWER
- **UPS**: N+1 / 2N UPS configuration with 15 mins. battery backup
- **Power connection**: Dual power feeds / UPS sources to rack
- **Voltage**: 220 V / single-phase, 50 Hz
- **Power provision**: Standard power zone: average 1.5 kVA per rack
  High power zone: 3 kVA per rack
- **Generator sets**: N+1
- **Backup diesel**: Multiple fuel tanks capacity 48,000 liters

### COOLING
- **CRAC**: N+1 CRAC design
  Front / down flow systems with hot and cold aisles design
- **Chillers plant**: Dual distribution paths through dual feed independent chiller risers
- **Temperature**: 22 +/- 2 degree Celsius
- **Humidity**: 50 +/- 10%

### SECURITY
- **Surveillance monitoring**: 24 hours surveillance CCTV with digital recording
- **Building security**: 24 hours entrance security guards to control access
- **Access control**: Access control system

### FIRE AND WATER LEAKAGE DETECTION
- **Fire suppression**: Gas based FM-200 / Novec 1230 / Inergen fire suppression system /
  Double interlock pre-action sprinkler
- **Water leakage detection**: Distance type water detection system

### CONNECTIVITY
- **Networks**: Dual feed building lead in for telecom cable access
  6 x Telecommunications Broadcasting Equipment rooms
  Exchange hub for telecom carrier interconnection
- **Data cable access**: Cat 5E, Cat 6, SM/MM fiber, DS3, E1, Coaxial
